Technology Protection Plan 2023-2024

Holly Area Schools has made arrangements for an optional technology protection plan to be available for purchase for each device issued to a student.

The protection plan will cover the Chromebook, iPad or Hotspot and includes the following:

- Accidental damage
- Theft (All theft claims must be accompanied by a police report)
 - A police report must be filed in the Location the device was stolen. A copy of the police report must be delivered to the KRC Admin Office within 30 days of the theft in order for the device to be covered under protection plan. If not, you will be charged full price for the device.

This protection plan does **not** cover:

- Loss of the device and/or its accessories including the *power adapter/charger*
- Cosmetic damage
- Damages caused by misuse and/or abuse

Costs are outlined below for the annual protection plan. Parents who choose not to purchase technology protection will be **fully responsible** for any loss, theft or damage.

For students who qualify for free/reduced meals, the fee will be waived if a [Free/Reduced Meal Application](#) is submitted by October 13th. Parents/Guardians must complete the [Free/Reduced Meal Application](#) for the 2023-2024 school year. This can be completed during your Skyward Online Verification process or by filling out the application and returning to the address posted or to your child's main office by **October 13th**.

New for the 2023-2024 School Year: *Students in Young Fives through 5th Grade will be leaving their devices at school this school year, so there is no need to purchase the protection plan for students in those grades.*
